

## Information for Stade's Field Trip - Chaperones

Dear Chaperone,

Thank you for choosing to visit Stade's Farm & Market and chaperoning this special class trip! We are so glad to have you join us. In order to have the best experience possible, please review the following information before your visit:

As an adult accompanying a field trip, you play an important role in the success of the students' experience. For their safety and learning experience, it is imperative that you remain with your designated student group the entire time you are at Stade's Farm. Upon your arrival, please stay on the bus unless you are designated as a group leader, or payment leader. Greeters will come onto your bus to welcome you and answer any questions you may have before your tour.

Stade's Farm & Market requests that cell phones be turned off during the educational portion of the trip.

For the safety and the comfort of all visitors, students are not allowed to wear backpacks. However, if necessary, adults may bring backpacks.

Your tour is carefully scheduled and interwoven with the tours of many other schools. We recognize that circumstances beyond your control sometimes cause groups to fall behind schedule. Please help us get your group back on schedule by following the instructions given by our staff; they will do their very best to give you a quality experience in the time that you have on site. Remember that all group members are ambassadors for their school/organization and community.

If you have any questions, concerns, or requests before or after your visit, please let Barb know the day of your visit. You may also email [stadesfarmmarket@gmail.com](mailto:stadesfarmmarket@gmail.com) or call 815-979-9212.

Regards,

Barb Leschke  
Field Trip Director
