

In addition to our fresh bakery and seasonal just-picked produce, you will find a number of your Market favorites from the past few years.* Due to the pandemic, we will only be selling our own fresh, delicious produce, and limited quantities of select products from farms that we are 100% confident in their diligence regarding following all the proper protocols set forth by our government. Please read the following changes, so you know what to expect before visiting the farm and shopping in our Market.

- **Market hours are 9 am - 6 pm.** We will have an employee at the door to greet you and answer any questions you have or concerns you may have regarding our changes due to Covid-19.
- **Employee Protocol.** To help stop the spread of Covid-19, each of our employees has committed to staying home if they experience any symptoms, and we ask you to do the same. All employees will have their temperature taken upon arrival each day. Each employee will be wearing a mask and or be at least six feet away whenever possible. Regular hand washing breaks will be taken.
- **Shopping in our Market.** Social distancing is mandatory, and masks should be worn while you shop in our Market. We may have to limit the number of guests in our Market at any given time, per the state of Illinois guidelines. The process will be marked and following it should be simple and straightforward. We are working on a separate purchase area for those of you that are shopping in our market specifically for already picked strawberries only. We ask that you leave extra family members outside and only send in the person doing the shopping. Although this may sound frustrating, it will speed up the process dramatically for everyone involved. PLEASE do not leave young children in your car while you shop. If you do not have another adult with you, bring them in the Market and, for their safety, keep them by your side. We will be as contactless as possible during your check out process, so no receipt will be issued unless you request one. Cash and credit cards will be accepted, no checks, please.
- **We care about our customers.** We take pride in our business and want you to know that your confidence in us is critical. We want to reassure you that we are doing everything we can to do business safely. We commit to continue to clean and sanitize our Market regularly. All shopping carts, wagons, and items commonly touched, will be sanitized after each use. We would be grateful if you would help us by only touching what you plan on purchasing. We are thankful we have a large amount of open space at the farm. That in itself will make it easier for each of us to practice social distancing.
- **We love seeing your smiling faces.** We have missed you, and we are looking forward to your next visit. We commit to continued communication and will keep you informed of all aspects of life on the farm. Please follow us on [FACEBOOK](#), [INSTAGRAM](#), and visit our [WEBSITE](#) regularly for all current information, including; prices, hours, special events, and everything you need to know before your drive to the farm. Our website will have a NEW look very, very soon! Let us know what you think of it.

**Please note that we will not be selling any gift items at this time.*
